Research commissioned by:

Your name here

Research Objective:

(1) Your objective here

Pricing method: \$65 per hour all inclusive.

Restrictions: None.

A minimum payment of 10 hours is required to begin research.

Research will be purchased in 10 hour blocks. I will notify you when I am near or at the end of each block. Please note that I work on multiple projects at once. In most instances, projects span over 3 months and are usually 20 to 40 hours in length.

You are free to end the project at any time with the condition that any prepaid hours will be used to complete the research block of hours already allotted.

Breaking a genealogical brick wall requires a concise, detailed write up on the family in question. This usually requires 5 to 10 hours of the total project time.

You will be provided with a shared folder on dropbox.com. After installing this, it will sync all research data to your pc. There is no charge to use the software. All copies made will be scanned into a digital pdf. All original records pulled at the NC Archives will be made available as digital images.

This is your proprietary research. It will not be shared unless you choose to or unless you ask me to.

I appreciate the trust you've placed in my ability to identify your ancestors. If you have any questions or issues that need clarification please let me know.

With my very best wishes,
Jason Bordeaux NCAPG APG
